---

To the Clerk, Redistricting and Elections Committee Members;

I have been informed that our legislature is considering changing our election process from the electoral format to a national popular vote compact. If this is true, please reconsider. Before such change is made, I would like time as a resident of Michigan to learn about the benefits and disadvantages of such a change. I would believe that no change would be made quickly without the voters being informed and given time to understand the reasons for such change.

Please submit my email into your records. Thank you for giving me an opportunity to express my views.

Sincerely,

Arlene K Pearson
